NEW 2026 EDITION

Let's step back in time and dive into the age of the dinosaurs! What are the differences between herbivorous and carnivorous dinos? Why have they all disappeared?

Another Dinosaur Story

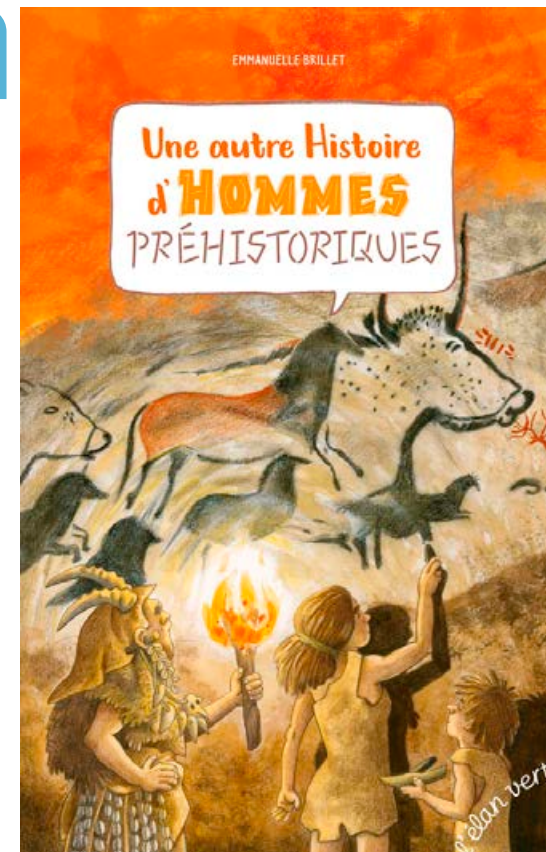

Emmanuelle Brillet

dinosaur • origin of life • documentary • humor • evolution

20 x 32 cm - 72 p. Ages 6+ • 15 €

Rights sold: Chinese, Italian, Korean.

NEW

A long, long time ago, but long after the dinosaurs, the planet was populated by great apes. Let's see how one of them evolved into a man. How does our species fit in with that of the "great apes"? When did our ancestors come down from the trees, and why? What are the differences between Homo habilis and Homo erectus? And how do we know all this? And... are we absolutely sure?

Another Story of Prehistoric Men – T1 & T2

The Three Rabbits

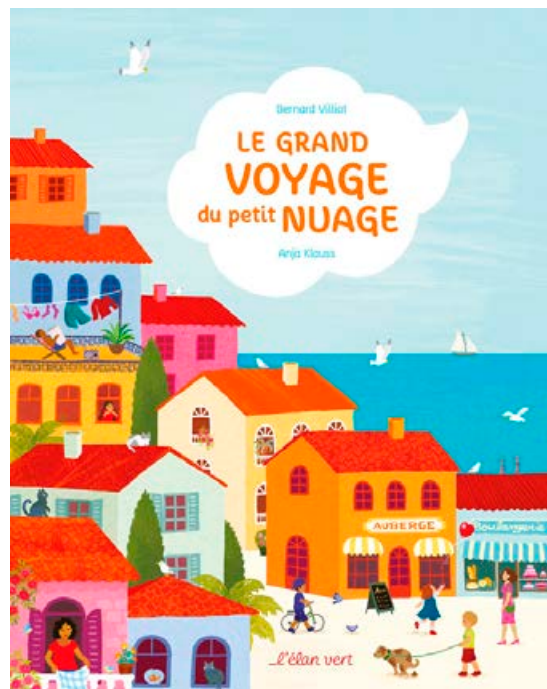

Céline Claire & Éric Gasté

Wolf • Rabbit • interactive • game

22,5 x 22,5 cm - 32 p. Ages 3 + • 12,70 €

Three little rabbits go out for a walk. Come and play with them and help them find their way back... But be careful—look closely, the wolf isn't far away! Run for it! The wolf is coming! He looks scary and determined—he wants to gobble up the three little rabbits... But all is not lost! What if we tilt the book to help them run faster? Or show them the way through the cornfield to guide them out of the maze? To protect the rabbits, the young reader is invited to take action: tilt the book, shake it, turn the pages... Every movement becomes a key to moving forward, turning reading into a fun and interactive adventure. A fun interactive picture book with simple, playful actions (tilting, shaking, turning) that stimulate attention and motor skills. The adventure captivates 3–6-year-olds by making them part of the story. And at the end, there is only one thing they will want to do: start all over again!

The Great Journey of the Little Cloud

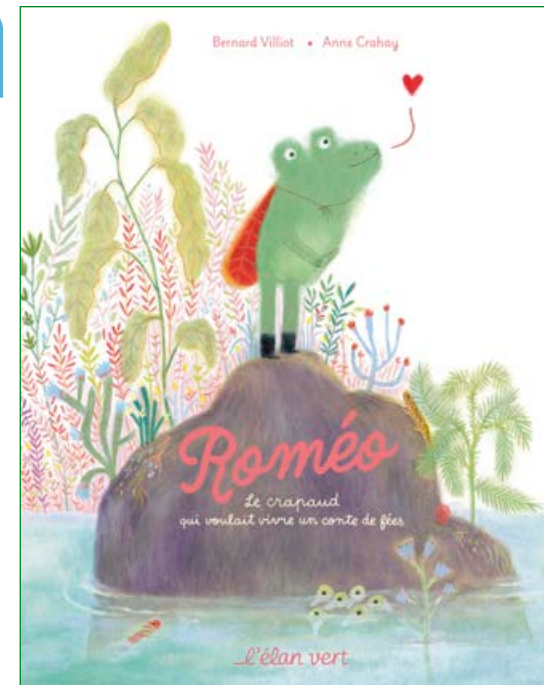

Bernard Villiot & Anja Klauss

Cloud • coming-of-age journey • landscapes • self-discovery and self-acceptance

23 x 30 cm - 32 p. Ages 3 + • 14,50 €

Little Cloud is so tiny and fragile that his older brothers nicknamed him Cumulominus. When they leave for work, carrying lightning and rain, he is left alone with nothing but his boredom for company. But one morning, convinced that the world is big enough for him to find his place, Little Cloud sets out on a great journey. Beyond mountains and oceans, above plains and through the heart of cities, will Little Cloud finally discover where he belongs?

Romeo the Toad Who Wanted to Live a Fairy Tale

Bernard Villiot & Anne Crahay

toad • Frog King • fairy tale • Grimm • self-acceptance

20 x 30 cm - 32 p. Ages 3 + • 14,50 €

Romeo is a toad—but not an ordinary toad! Lulled by the fairy tales his mother used to tell him, and convinced that he is a prince transformed into a toad by a wicked witch, he waits desperately for the kiss of a princess who will break the spell. Determined, he sets out to find someone willing to kiss him—until one day, his path crosses with Miss Juliet. Will he manage to break the spell? A funny and colorful tale about learning to accept yourself. The colorful and enchanting world of Anne Crahay comes to life through soft pastel illustrations in this reimagining of the classic tale, The Frog King. A delightful story that is perfect for introducing young readers to the theme of self-acceptance.

How about we tell some stories while we wait for CHRISTMAS?

No Need to Panic, Santa!

Christelle Saquet & Éric Gasté

It's the big day — Father Christmas is all set to go on his tour with his sleigh. Well... almost. The reindeer are sick! And even the potion from Cure-all, the elf, isn't working. "Don't panic!" said Illico, the cleverest of the elves. "If the reindeer are poorly, let's replace the sleigh." Wild geese, quad bike, magic carpet, dragon, cargo bike, spaceship... Brilliant ideas or complete disasters?

Another Story of Prehistoric Men

Emmanuelle Brillet

Today, we are all Homo sapiens, but a very, very long time ago, the planet was inhabited by great apes. One of them evolved into a human. Over time, several human species emerged. In Europe, first came the Neanderthal, and then Homo sapiens arrived!

This book invites you to discover the answers to all the questions you might have, as you explore its pages, just as you might explore the branches of the family tree of the whole of humanity.
